

IAS-15 Conference

www.ias-15.org

The 15th International Conference on Intelligent Autonomous Systems to be held in June 2018 focuses on theory and advanced autonomous systems to be applied in industry and society as well as in adverse environments. The international event will bring together scientists, engineers and students on an international stage to present and discuss latest scientific results, technologies and ideas enabling Intelligent Autonomous Systems to perform in a safe, skillful and robust manner handling uncertainty and unforeseen events.

Options for Sponsoring
