Invitation to exhibit

At the 27th International Conference on Electrical Contacts to be held in Dresden from June 22 - 26, 2014, exhibition space will be provided for related products and services in the field of electrical contacts and other related fields.

The **ICEC 2014** will provide a venue for business and non-profit organizations to make contact with the international community on electrical contacts (approx. 300 participants).

Potential exhibitors should contact the organizer for further information.

Why exhibit?

The **ICEC 2014** conference and exhibition attracts influential decision makers who attend the technical sessions to present their work and learn about the latest technological developments.

While they come to network with colleagues and peers, they will automatically visit the exhibition. As an exhibitor, you will have the unique opportunity to get in on the ground floor and market your products and services to a captive audience of buyers, designers and influencing researchers. Exhibit hours have been arranged to give exhibitors maximum exposure. Social functions have been planned in the exhibition area so that delegates meet on both a social and business level.

Exhibitors Admission Policy

Exhibiting companies or organizations should meet the following criteria:

- The company must be engaged in the design, development, manufacturing, marketing, distribution, exploitation, operation or servicing of electrical contacts equipment.

- The company must offer products or services for sale direct to consumers or operators. Any exceptions to this policy will be reviewed by the ICEC 2014 management committee which retains the right, in its sole discretion, to refuse or deny any application submitted, in which case any payment shall be returned.
